LJUBAV

Čovjek je bitno definiran stvarnošću Ljubavi. Ona je njegova pokretačka snaga, ona je izvor snage, ona je sam čovjek. Danas nas Sv. Pavao tako divno podučava o Ljubavi. Prava Ljubav nije zavidna, nije ljubomorna, nije ohola... Ona je pozitivna snaga u čovjeku koja ima moć mijenjanja. Čovjek koji nije osjetio snagu Ljubavi ostaje siromašan zauvijek. Kršćanstvo iznad svega jest religija Ljubavi. Krist je sve zapovijedi, sve Zakone i Proroke sažeo u jednu jedinu zapovijed: Ljubite jedni druge. Sv. Augustin je poznat po svojoj izreci: "Ljubi i čini što hoćeš." Drugim riječima osoba koja ljubi ne može mrziti, ne može biti zavidna, ohola. Ljubav liječi, ljubav razvija čovjeka u pravu osobu. Ljubav otvara vrata koja tehnika ne može. Ljubav je dakle sami čovjekov poziv. Budimo danas na trenutak u ovim mislima. Upitajmo se koliko ljubimo, kako ljubimo, na kojem mjestu se nalazi ljubav u našem životu? O tome koliko ljubavi imamo, ovisi koliko smo sretni. Ljubav vas, dragi prijatelji ništa ne košta. Ona Vas zasigurno mijenja. Ako je nemate, krenite danas. Pozovite je u svoj život i dajte joj svega sebe. Rezultat će biti radost Vaše duše tako obilata koju ne ćete moći opisati.

ON LOVE...

"Two men, both aged and seriously ill, occupied the same hospital room. The men talked for hours on end. They spoke of their wives and families, their homes, their old jobs, their experiences in World War II, and all kinds of other things. One man managed to sit up in his bed for an hour each afternoon where he could look out the room's window, and every time he did, he would describe to his roommate all the things he could see. He told of a park with a lovely lake. Ducks swam on the water while children sailed their motor boats. Grand old trees graced the landscape, and the fine view of the city skyline could be seen in the distance. One warm afternoon the man by the window described a parade passing by. Although the other man couldn't hear the band, he could imagine it as the man by the window described it. Finally, after many weeks, the man by the window died. The other man asked the nurse to be moved next to the window so he could see the view. The nurse was happy to make the switch, but when he was finally able to look out the window, he found that it faced the blank, brick wall of the building across the street! The man asked the nurse how the man was able to describe such wonderful things outside the window. She said, 'Maybe he just wanted to make you happy.' There is tremendous happiness in making others happy, despite our own situations. Happiness when shared is doubled. We can make others happy by loving them more than ourselves. Love is the key in understanding human beings. St. Paul says it beautifully in today's second reading on love taken from First Corinthians, chapter 3.
