WEEKLY MEDITATION

Corpus Christi, the feast of the Body and Blood of Christ, is a festival for pondering with thanks, God's hospitality to us, the supreme and final gift of His love. The offering on the cross of our Lord is fully effective. We remember with gratitude the promise He made to be with His friends and followers as their food and nourishment for their pilgrimage through life. All of us are people on a journey facing the trials and sufferings of everyday happenings. What better companion can we have for support than the presence of Jesus? Although we have not yet reached our final destination, traveling in His company is a powerful assurance that we are on the right road. He is food for our souls and the spiritual help we need to make us break the chains that bind us to this earth. Holy Communion is the remedy for our daily faults and not the reward for sanctity attained. It is not because we are holy that we receive Jesus, but because we wish to change and to become like him. What is demanded of us is that we share the Eucharist with others, for we make our pilgrimage through this valley of tears as a community, not as isolated individuals.

FEAST OF CORPUS CHRISTI

will be observed **today** with a solemn outdoor procession of the Blessed Sacrament after 9:30 mass. Everyone is invited to participate.

SUSAN BRCICH BRUNO is exhibiting her latest paintings in our second floor small hall this weekend after every mass. Everyone is invited to view her artwork.

SPECIAL OLYMPICS

Celebrate Pam Munizzi's 50th birthday by supporting Special Olympics Chicago! The event will take place at White Sox Park on June 16 (her birthday) at 5:30 p.m. Tickets are \$50. Call Louis Scalise at 312-225-7654. All proceeds will benefit Special Olympics Chicago-Special Children's Charities.

PARISH CENSUS As has been announced, during this week we will mail the census forms to all parishioners. We ask that you take 10 minutes of your time to complete the survey. Please provide all requested information, then place the form in the envelope and return it to us. We are very grateful for your cooperation. This census will be of great value to analyze our parish community and its membership. All information is strictly confidential and remains in the parish archives. Thank you for your time and effort!

ADORATION OF THE BLESSED SACRAMENT

takes place each **Thursday evening from 7 to 9 p.m.** in our church. All are invited to come and adore Jesus in the Holy Eucharist. To have time for God and to give ourselves to Him is an important expression of our faith. He relishes our company!

REMINDER Please dress appropriately when you come to church. We must remember that the church is a holy place of worship. It is not a place where we can dress as we do in other areas. A dignified place requires dignified attire!

WISDOM'S CORNER Near and Far

A student once asked an old wise man: "How is it possible that someone who belongs to God and knows that God is close to him, sometimes feels distant from God and experiences a disconnection from Him?" The old man explained: "When a father wants to teach his little son how to walk, he puts him close to himself and holds him by both hands so that he doesn't fall, and the little boy, holding on to his father's hands, begins to take steps forward. But while the son is advancing, the father backs off a little, loosens his grasp on the boy, and follows him until he learns to walk."

Every day God teaches us to walk, sometimes through happy experiences and sometimes through life's difficult moments.

The Mozart Effect by Don Campbell

Tapping the Power of Music to Heal the Body, Strengthen the Mind, and Unlock the Creative Spirit

Anyone who has ever seen a two-year-old start bouncing to a beat knows that music speaks to us on a very deep level, but it took celebrated teacher and music visionary Don Campbell to show us just how deep, with his landmark book *The Mozart Effect*. Stimulating, authoritative, and often lyrical, it has a simple but life-changing message: music is medicine for the body, the mind, and the soul. Campbell shows how modern science has begun to confirm this ancient wisdom, finding evidence that listening to certain types of music can improve the quality of life in almost every respect. Here are dramatic accounts of how music is used to deal with everything from anxiety to cancer, high blood pressure, chronic pain, dyslexia, and even mental illness.
